## **2. GENERAL REGULATIONS**

### **2.7 SHARED USE REGULATIONS**

Shared Use occurs when the Company allows a customer to utilize the same transport facility for different services. When the same transport facility and the associated options are utilized to provide more than one service, the Company shall apportion the monthly billing of the appropriate transport elements between the shared services, except where noted elsewhere in this Tariff.

(C)

The rate elements subject to the Shared Use allocation process are the recurring elements assessed for transport facilities only between a customer's premises and the serving wire center (SWC) of that premises and the interoffice facilities from the customer's SWC to other wire centers which may include access tandems, end offices, and hubbing locations. Rate elements not associated with transport facilities are not allocated. The nonrecurring installation charges for each service are not apportioned and are assessed except as set forth in this section.

The Shared Use transport facility is ordered and provided as Private Line Transport Service (PLTS) unless otherwise described in this section. The specific Shared Use regulations and/or exceptions are described following:

- PLTS with Local Exchange Service is described in 2.7.1,
- DS1 and DS3 PLTS with Switched Access Service is described in 2.7.2,
- Synchronous Service Transport (SST) PLTS with Switched Access Service is described in 2.7.3,
- Expanded Interconnection Channel Termination with PLTS and Switched Access is described in 2.7.4,
- Switched Access Service with Common Channel Signaling Access Capability Service (CCSAC) is described in 2.7.5, and
- SONET Ring Service with Switched Access Service is described in 2.7.6, following.
- Self-Healing Network Service (SHNS) with Switched Access Service is described in 2.7.7, following.
- GeoMax Service with Switched Access Service is described in 2.7.8, following.

(N)

(N)

Shared Use is not provided with Simultaneous Voice Data Service, Digital Data Service and Managed Bandwidth SONET Service.

(C)

**2. GENERAL REGULATIONS**

**2.7 SHARED USE REGULATIONS (Cont'd)**

**2.7.7 SELF-HEALING NETWORK SERVICE (SHNS) WITH SWITCHED ACCESS SERVICE**

Switched Access Service may be provided on a Self-Healing Network Service (SHNS) Shared Use facility. However, individual recurring and nonrecurring charges shall apply to both the Switched Access Service and the SHNS. The Shared Use facility is not apportioned.

**2.7.8 GEOMAX SERVICE WITH SWITCHED ACCESS SERVICE**

Switched Access Service may be provided on a GeoMax Service Shared Use facility. However, individual recurring and nonrecurring charges shall apply to both the Switched Access Service and the GeoMax Service. The Shared Use facility is not apportioned.

(N)

(N)

**5. ORDERING OPTIONS FOR ACCESS SERVICES**

**5.2 ACCESS ORDER**

**5.2.6 MINIMUM PERIOD CHARGES (Cont'd)**

The Minimum Period Charges for Digital Data Service, Private Line Transport DS1 and DS3 Fixed Period Service Rate Plans are set forth in 7.1.3, 7.12.3 and 7.1.8, following.

Minimum Period Charge regulations for Switched Transport Pricing Plans are set forth in 6.7.15, following.

The Minimum Period Charges for Public Packet Switched Network Service, Frame Relay Service, *QWEST DSL* Service and ATM Service Pricing Plans are set forth in Section 8, following.

(D)

All applicable nonrecurring and discontinuance charges for the service will be billed in addition to the Minimum Period Charge.

## **6. SWITCHED ACCESS SERVICE**

### **6.7 RATE REGULATIONS**

#### **6.7.15 SWITCHED TRANSPORT PRICING PLANS (Cont'd)**

##### **F. Pricing Plan Nonrecurring Charge Reduction**

###### **1. General[1]**

When the customer's Switched Transport is under a Switched Transport Pricing Plan (e.g., DS1 or DS3) or is provided on a PLTS Shared Use facility under a PLTS Pricing Plan (e.g., DS1 or DS3), RCP or Partnership Program, a nonrecurring charge (NRC) reduction may apply. Switched Transport nonrecurring charges associated with a thirty-six month (36) Switched Transport or Shared Use PLTS fixed period will be reduced twenty-five percent (25%) when the access order is received within 90 days of the fixed period establishment date. Switched Transport nonrecurring charges associated with a sixty month (60) Switched Transport fixed period or any fixed period of a Shared Use PLTS Pricing Plan, RCP or Partnership Program of longer duration than 36 months will be reduced fifty percent (50%) when the access order is received within 180 days of the fixed period establishment date.

(C)

For Switched Access Service ordered from Section 6, the Company will use the Switched Transport Pricing Plan establishment date as the beginning date through day 90 or day 180, respectively, to determine the NRC reduction eligibility. For Switched Access provisioned as Shared Use on PLTS Service, the Company will use the PLTS Pricing Plan establishment date as the beginning date through day 90 or day 180, respectively, to determine the NRC reduction eligibility. Nonrecurring charges on access orders received after day 90 or day 180 from the establishment date of the fixed period (i.e., Switched or PLTS) will not be reduced.

An NRC reduction may be applied to Switched Access Service work activities for installation of service, service rearrangements, rollovers and moves. Nonrecurring charges for work activities performed at the line group, trunk group, end office or tandem level or for 500 Access Service (6.8.2.F), 900 Access Service (6.8.6), Dedicated Network Access Link (6.8.1.G), Direct Inward Dial (6.8.2.C), Switched Data Service (6.8.7) and CCSAC (20.8) are not eligible for a NRC reduction.

In addition to the conditions described preceding, Switched Access Service nonrecurring charges, as set forth in 6.8, following, will be reduced when the conditions in 2. through 4., following, are met.

- [1] The Switched Transport Pricing Plan NRC reduction is applicable in the states of AZ, CO, IA, MN, NE, NM, OR, UT and WA.

## **7. PRIVATE LINE TRANSPORT SERVICE**

### **7.99 GRANDFATHERED SERVICES AND TERMS**

#### **7.99.3 PARTNERSHIP PROGRAM**

##### **A. Description (Cont'd)**

Customers subscribing to Partnership Program may not subscribe to any fixed period term plan for PLTS or Switched within the LATA with the exception of:

(C)

- A fixed period term plan for PLTS or Switched Transport CO Multiplexing provided the expiration of the CO Multiplexing fixed period term expires on or before the expiration of the Partnership Program's fixed period term date.
- A customer requested DS1 or DS3 Switched Transport Pricing Plan(s) on a non-shared facility when the customer has chosen to exclude all of their Switched Transport non-shared facilities from participation in the Partnership Program.

At the time Partnership Program is established, the Company converts all of the customer's Company in-service DS1, DS3, SRS 1.544 Mbps, SRS 44.736 Mbps, SRS 155.52 Mbps, and Switched Transport DS1 and DS3 Shared Use rate elements to month-to-month rate elements as set forth elsewhere in Section 7.

At the customer's option, Switched Transport DS1 and DS3 non-shared rate elements may participate in the Partnership Program. When the customer requests that their Switched Transport DS1 and DS3 non-shared rate elements participate in the Partnership Program, the Company converts all of the customer's Company in-service Switched Transport DS1 and DS3 non-shared rate elements to month-to-month rate elements as set forth elsewhere in Section 7.

#### **8.1.8 PROMOTIONS (CONT'D)**

**A13. ATM, FRS and LSS Pricing Plan Promotion – October 8, 2005 through November 30, 2005.**

(N)

For a limited time only, from October 8, 2005 through November 30, 2005, all nonrecurring charges for ATM, FRS and LSS will be waived as set forth, following. This promotion is available to:

- New customers subscribing to a new 36-month or greater Fixed Period Service Rate Plan and existing customers signing a contract renewal for a 36-month or greater Fixed Period Service Rate Plan
- Existing customers who have a 36-month or greater Fixed Period Service Rate Plan with at least 13 months remaining on the plan can add new locations
- Existing customers who have a 36-month or greater Fixed Period Service Rate Plan with at least 13 months remaining on the plan who upgrade existing Access Links and/or ports/speeds to a higher capacity service as follows:
  - FRS customer upgrading to a higher speed FRS, ATM or LSS
  - LSS customer upgrading to a higher speed LSS or ATM
  - ATM customer upgrading to a higher speed ATM
  - TLS customer migrating to LSS

Should this service be disconnected prior to completion of the Fixed Period Service Rate Plan, the customer would forfeit the nonrecurring waiver and be subject to the Termination Liability and Waiver Policy. This offering is not available with other promotions, and does not apply to Special Construction Charges. Available only where facilities exist.

Signed Service Agreements must be submitted on or before November 30, 2005 with order applications into the system by December 31, 2005. Order completion for FRS – DS1 and below must be within 90 days of the order application date and for FRS – DS3 and ATM must be within 120 days of the order application date. When order completion is delayed due to Company reasons, the order completion date will be extended.

## **15. SELF-HEALING NETWORK SERVICE**

### **15.1 GENERAL**

#### **15.1.2 RATE CATEGORIES (Cont'd)**

##### **D. Hub Port**

The Hub Port rate category provides for the DS1, DS3, STS1, OC3, OC12 and/or OC48 channelization that must take place at each Hub Node that resides on the SHNS. The Hub Port rate element applies per month. The quantity of Ports is determined based on the number of DS1, DS3, STS1, OC3, OC12 and/or OC48 Ports ordered by the customer. This rate element also applies when a DS1, DS3, STS1, OC3, OC12 and/or OC48 connects to other Company DS1, DS3 Services, SST OC3, OC12 or OC48 Services or Ports (off the SHNS network connection(s)) or other Company provided Ports via a DS1, DS3, STS1, OC3, OC12 and/or OC48 Port. Connection of Company provided services to the SHNS network will only be made in Company Hub Nodes.

Rates and charges for Private Line Transport Service (PLTS) and/or Switched Access Services, as detailed in Sections 6 and/or 7, preceding, apply for each PLTS or Switched Access Service that connects to a SHNS. The Company will not apportion the monthly billing when Switched Access Services connect to SHNS. A recurring rate and/or nonrecurring charge will apply only where a DS1, DS3, STS1, OC3, OC12 and/or OC48 Port is ordered (e.g., where a DS1 or DS3 Port originates or terminates).

(C)  
|  
(C)

Hub Ports have the option of being equipped with the capability to multiplex higher speed signals into smaller channels for distribution to other points within the ring as follows, a service known as Ring Mux Ports.

- A DS3 port of STS1 port may be configured to provide up to twenty-eight (28) 1.544 Mbps channels.
- An OC3 port may be configured to provide up to three (3) 44.736 Mbps channels.
- An OC12 port may be configured to provide up to twelve (12) 44.736 Mbps channels, four (4) 155.52 Mbps channels or any combination of 44.736 Mbps channels and 155.52 Mbps channels not to exceed 622.08 Mbps.
- An OC48 port may be configured to provide up to forty-eight (48) 44.736 Mbps channels, four (4) 622.08 Mbps channels, sixteen (16) 155.52 Mbps channels or any combination of 44.736 Mbps channels, 155.52 Mbps channels and 622.08 Mbps channels not to exceed 2.488 Gbps.
