Capitol Heights, MD 20743

Attn: Wireline Competition Bureau

On May 2, 2005, Verizon Communications sold Verizon Hawaii, Inc. to a private global investment firm, The Carlyle Group. Upon the sale, Verizon Hawaii, Inc. was renamed Hawaiian Telcom Inc. (HTI). HTI currently concurs in Verizon Telephone Companies (Verizon) Tariff FCC No. 14, Facilities For Interstate Access; Verizon Tariff FCC No. 20, Communications Services Tariff; and Verizon Tariff FCC No. 21, Special Construction. HTI proposes to revoke its concurrence in the Verizon tariffs listed above. Simultaneously HTI proposes to issue its own tariffs under the name Hawaiian Telecom, Inc. Tariff FCC Nos. 1, 2 and 3 respectively, in accordance with the Commission's rules, without any substantive changes from the presently concurred in tariffs.

Application is hereby made by HTI for Special Permission to waive the requirements of Section 61.54(i)(2), 61.58, 61.59 and 61.74 of the Commission's Rules and Regulations in order to issue these tariffs.

A waiver of 61.54(i)(2) is requested so that HTI will not have to use margin coding or footnotes to show text changes or moved material as required by the Commission's Rules. All such changes will be nonsubstantive changes which are incidental to narrowing the scope of these tariffs to Hawaiian Telcom, Inc. operating territory and changing the name. HTI will, however, use margin coding to show changes to material which will not have been in effect for 30 days from either tariff's proposed effective date. Subsequent changes to these tariffs will be appropriately symbolized, except that HTI will not symbolize as reissued unchanged material during the first 30 days following the effective date of the new tariff publication(s).

A waiver of 61.58 is requested so that certain filings issued under Verizon Tariff FCC Nos. 14, 20, and 21, but not incorporated into the new HTI Tariff FCC Nos. 1, 2 and 3 may be reissued on not less than 1 day's notice for effect coincident with the proposed effective date of the new tariffs. These are filings which might be issued after the issue date of the new tariff(s), but have an effective date before the effective date of the new tariff(s).

FCC Application No. 1
September 27, 2005

A waiver of Section 61.59 is requested so that filings can be made on the pages of these tariffs during the review period and for 30 days following their effect. This waiver would permit HTI to continue with its required filing activity.

To avoid redundancy and minimize the number of tariff pages, a waiver of 61.74 is requested in order to make references to other documents or tariffs. These references would be references only to HTI Tariff Nos. 1, 2 and or 3, and the nature of these references would be limited only to those identical services already contained in Verizon Tariffs FCC Nos. 14, 20, and 21, for which special permission was previously obtained or not required.

The filing of these tariffs will not result in any changes in regulations, rates or charges to any customer. No new material is being proposed. Blank tariff pages are being eliminated and pages, as well as subsections, are being renumbered within each section to eliminate dot pages and stranded section numbering. Where renumbering results in a change to an internal reference, that internal reference is being edited to match the new subsection numbering.

In accordance with Section 61.32 (b), the original Application Letter, the Federal Communications Commission Form 159 and the filing fee have been submitted to a courier service for delivery to the lockbox located at the Mellon Bank in Pittsburgh, Pennsylvania, as of the filed date reflected above.

All correspondence and inquiries concerning this Application should be addressed to Connie Wightman at 407-740-3002 or cwightman@tminc.com, P.O. Box 200, Winter Park, Florida 32790-0200.

Sincerely,

A handwritten signature in black ink, appearing to read 'C. Wightman', with a stylized flourish at the end.

Connie Wightman
Consultant to Hawaiian Telcom, Inc.
