V.P. - Access and Interconnection
ALLTEL Communications, Inc.
One Allied Drive
Little Rock, AR 72203

ACCESS SERVICE

13. Additional Engineering, Additional Labor and Miscellaneous Services (Cont'd)13.5 Other Miscellaneous Services (Cont'd)13.5.2 Presubscription (Cont'd)

(H) The nonrecurring charge for presubscription is as follows:

| <u>Presubscription</u> Per Telephone Exchange Service line or trunk | InterLATA Only | Simultaneous | (C) |
|---|---|---|-----|
| | PIC Change <u>Electronic/Manual#</u> | InterLATA and IntraLATA PIC Change* <u>Electronic/Manual#</u> | |
| ALLTEL Nebraska | \$1.25/\$5.50 | \$0.63/\$2.75 | |
| Kentucky ALLTEL - Lexington | \$1.25/\$5.50 | \$0.63/\$2.75 | |
| Kentucky ALLTEL - London | \$1.25/\$5.50 | \$0.63/\$2.75 | (C) |

Note: This charge is generally billed to the end user who is the subscriber to the Telephone Exchange Service except as set forth in (F) through (G) preceding and as set forth following. In those instances where the IC both requests the presubscription change, and requests the associated charge be billed to it, the Telephone Company will bill the IC. In the event an end user is incorrectly presubscribed due to misassignment on the part of the Telephone Company, no charge shall apply. If an end user is incorrectly assigned an IC carrier as a result of an error on the IC's part, and the IC is unable to substantiate the assignment with a letter of agency signed by the billed party, the Telephone Company will apply this charge in addition to the nonrecurring unauthorized PIC change charge, as set forth in 13.5.9(B) following, to the IC responsible for the misassignment of the end user. The end user's IC choice will then be processed by the Telephone Company.

13.5.3 Miscellaneous Equipment(A) Controller Arrangements

This arrangement enables the customer to control up to 48 transfer functions at a Telephone Company central office via a remote keyboard terminal capable of either 300 or 1200 bps operation. Included as part of the Controller Arrangement is a dial-up data station located at the Telephone Company Central Office to provide access to the Controller Arrangement. This dial-up data station consists of a 212A DATAPHONE data set and an appropriate Telephone Company provided channel.

* This charge applies only to the interLATA PIC. The intraLATA PIC will be billed out of the appropriate Intrastate Access Tariff. (N)

As used above, manual methods are (1) personal interaction between a customer, or a person acting on behalf of a customer, and a Telephone Company employee; and (2) any facsimile or written submissions from a customer, or a person acting on behalf of a customer, to a Telephone Company service center. Electronic methods shall include all other methods. If a request utilizing an electronic method results in manual processing, the electronic nonrecurring charge shall apply upon completion of the request. (N)
