(3) (Cont'd)

For a period of two years from the date of BellSouth SWA FGD or BellSouth SWA TSBSA 3 discontinuance, the IC discontinuing service will be responsible for paying the change charge for any of its designated end users or location providers or its authorized agents.

(4) The Telephone Company will waive the applicable subscription change charge to the end user or location provider or its authorized agent when the end user or location provider or its authorized agent has been incorrectly assigned.

(5) At the option of the IC, the nonrecurring charge for a change in subscription, as stipulated in (E) following, may be billed to the IC, instead of the end user, when the change order is submitted to the Company via the Customer Account Record Exchange (CARE) interface.

The option for the IC to be billed the PIC change charge instead of the end user is not available for orders placed via the Company's Residence/Business/Pay Telephone Service Centers.

(E) The nonrecurring charge for a change in subscription and the charges for On-Line Transfer Service are as follows: (T)

a. Manual – Manually handled PIC changes are initiated via direct customer contact from End User customers or from ICs to their appropriate BellSouth Service Center. Service orders with PIC change requests received from End User customers will receive a manual PIC change charge per request. Manual subscriber order lists submitted to the Equal Access Service Center (EASC) require resources in the EASC to handle these requests and are assessed a manual PIC change charge. (N)

<u>Simultaneous PIC Changes (PIC and LPIC changes)</u> Simultaneous PIC changes are when either the End User customer or the IC changes both the PIC and LPIC and the IC is the same for both the PIC and LPIC, made at the same time (period of time/day), on the same service order. ¹			(N) (N) (N) (N)
