Application No. 2

Ms. Marlene H. Dortch, Secretary  
Federal Communications Commission  
Washington, DC 20554

Attn: Wireline Competition Bureau

Dear Ms. Dortch:

Application for Special Permission is hereby made on behalf of The Blair Telephone Company (the "Company") to request a waiver of Sections 61.58 and 61.59 of the Commission's Rules.

Transmittal No. 6, filed on behalf of The Blair Telephone Company on October 17 with an effective date of November 1, 2005, bifurcated and changed the rates for the PIC change charges pursuant to FCC 05-32 issued February 10, 2005, and released February 17, 2005, and DA 05-1045 adopted and released April 8, 2005. In its filing made on October 17, the Company also introduced a DSL data-only option and a 10BASE-T DSL Access Service Connection.

In response to DA 05-2713 released October 14, 2005, which allowed the deferment of the implementation of the PIC change charges to January 1, 2006, the Company seeks a waiver of Section 61.58 to, on not less than one day's notice, withdraw the part of the filing related to the PIC change charges and also seeks a waiver of Section 61.59 to allow this change to become effective November 1, 2005. Other revisions filed on October 17 will be effective on November 1, 2005, as originally scheduled.

Please find attached corrected tariff pages reflecting the withdrawal of the change effective November 1.

This filing is being made electronically, including FCC Form 159 and the statutory processing fee in the amount of \$720.00
