## (4) Presubscription Charge Application

- (a) After the implementation of the ongoing Equal Access Balloting Process, existing customers making their initial PIC selection, either by returning the ballot to the address specified by the Telephone Company, by direct contact with the Telephone Company, or by contacting an IC directly during the approximately 90 day period prior to the equal access conversion date or during the 255 days following the conversion date, are not subject to a presubscription charge. After the allocation translation, customers will incur a presubscription charge for any changes in PIC selection, including a change from one service to another service of the same IC.
- (1) A nonrecurring charge, as set forth in Section 31.13.4(A) following, to process a change in Presubscription is bifurcated into four (4) separate nonrecurring charges and applies as follows: (C)
- (a) A nonrecurring charge, as set forth in Section 31.13.4(A)(1)(a) following, applies when the request to change Presubscription is submitted through electronic methods without a request to change the intraLATA primary interexchange carrier (LPIC) on the same line and on the same order. (T) (C) (C) (C)
- (b) A nonrecurring charge, as set forth in Section 31.13.4(A)(1)(b) following, applies when the request to change Presubscription is submitted through manual methods without a request to change the LPIC on the same line and on the same order. (T) (C) (C)
- (c) A nonrecurring charge, as set forth in Section 31.13.4(A)(2)(a) following, applies when the request to change Presubscription is submitted through electronic methods together with a request to change the LPIC on the same line and on the same order. (N)

(1) (Cont'd)

As used above, manual methods are (i) personal interaction between a customer, or a person acting on behalf of a customer, and a Telephone Company employee; and (ii) any facsimile or written submissions from a customer, or a person acting on behalf of a customer, to a Telephone Company service center. Electronic methods shall include all other methods. If a request utilizing an electronic method results in manual processing, the electronic nonrecurring charge shall apply upon completion of the request. For orders submitted electronically through customer account record exchange (CARE) transactions, a change to both the PIC and LPIC on the same line will be considered to be on the same order if it is submitted in a single CARE record for that line.

(2) An Unauthorized Preferred Carrier Change is a change of a customer's preferred interLATA and/or intraLATA IC that the customer denies authorizing. If the customer denies authorizing such a change in interLATA and/or intraLATA presubscription as submitted by an alleged unauthorized IC, the alleged unauthorized IC will be assessed the Change in Presubscription nonrecurring charge, as specified in 31.13.4(A) following, for:

- The disputed ILP PIC NRC previously billed to the customer, and
- A restoral ILP PIC NRC to restore the customer to its previous IC.

(3) In accordance with the Federal Communications Commission's Slamming Liability Rules in CC Docket 94-129, if an alleged unauthorized IC is ultimately exonerated for liability, the IC is entitled to receive full payment from the customer for all services provided. In such situations, any ILP PIC nonrecurring charge assessed against the IC by the Telephone Company is subject to rebilling to the customer by the alleged unauthorized IC.
