

Transmittal No. 654, DSL Rate Change

THE VERIZON TELEPHONE COMPANIES

TARIFF F.C.C. No. 1

New Jersey DSL Rate Reduction

DESCRIPTION AND JUSTIFICATION

Transmittal No. 654

December 15, 2005

SECTION	DESCRIPTION
1	DESCRIPTION AND JUSTIFICATION
2	COMPLIANCE WITH COMMISSION RULES
3	WORKPAPER INDEX

1.1 INTRODUCTION

With this filing, Verizon¹ submits supporting information for a price cap rate change filing for certain DSL services. The supporting documentation contains material in support of a price cap rate change.

1.2 DESCRIPTION AND JUSTIFICATION

In this part of the filing, Verizon provides tariff pages and supporting documentation to show the rate reduction to the Recurring charges for Infospeed DSL 7.1M/768K, Month-to-Month, 1-Year and 5-Year terms. The overall revenue impact of these rates changes is (\$51.3K). In addition to the tariff pages, Verizon is also providing the necessary price cap supporting workpapers.

Workpaper SA Rates and Revenues demonstrates the rate reduction changes.

This filing will allow Verizon to maintain price parity for Infospeed DSL 7.1M/768K service in New Jersey with the reduction in price being made in the rest of the Verizon footprint. The rate reduction will further Verizon's ability to compete effectively and promote broadband penetration. It reflects the greater certainty in the regulatory environment in the wake of the Commission's adoption on August 5, 2005 of an order eliminating mandated sharing requirements on incumbents' wireline broadband Internet access services.

¹ The Verizon entities which are affected by this filing are: Verizon New Jersey Inc.

SECTION 2

2.1 COMPLIANCE WITH RULES

Support information as specified in Sections 61.49 of the Commission's Rules is attached. The support documentation contains the necessary Workpapers, as well as the Tariff Review Plan (TRP).

In this filing, the Infospeed DSL 7.1M/768K Month-to-Month, 1-Year and 5-Year A, B and C rates are being reduced from their current levels. These changes result in revenues being reduced by \$51.3K. Workpapers providing documentation for this rate change are found in the Workpaper SA Rates and Revenues and Workpaper Revenue Summary.

In addition, the TRP also reflects the rate change.

SECTION 3

3.1 WORKPAPERS AND TARIFF REVIEW PLANS

INTRODUCTION

The Verizon companies have provided the necessary detail to support the calculations of indices in various workpapers. The following is the index of such workpapers.
