3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)

3.1 Interstate IntraLATA Service - Schedule I (Cont'd)(E) Generic Optional Calling Plans (Cont'd)(3) Residential Generic Optional Calling Plans (Cont'd)(e) Consumer Opportunity Savings Plan

(T)

- (i) The minimum payment period for this plan is one month.
- (ii) When the customer's total direct dialed toll usage revenue reaches a level of \$20.00 or more during a monthly billing period, a 20% discount will be applied to the customer's total direct Dial Station toll usage.
- (iii) The 20% discount as specified in this tariff will only apply to the customer's Interstate IntraLATA usage.
- (iv) This generic optional calling plan applies to all Residence lines associated with a Main Billing Account. Usage from all Residence lines will be accumulated and billed as if a multiline Customer were a single account.
- (v) For billing purposes, each month is considered to have 30 days. When the date that this generic optional calling plan is subscribed to, changed, or discontinued does not coincide with the billing date, charges which are based upon monthly rates will be calculated to reflect the fractional part of the month service is provided. That total will then be discounted 20% to determine the charge to the customer.
- (vi) In cases where a message begins in one rate period and ends in another, the rate in effect at the time the connection is established applies to the initial minute. The rate for each additional minute is the rate in effect at the beginning of each additional minute of usage.
