Qwest is filing tariff language in Section 2, General Regulations and Section 13, Miscellaneous Services, to restructure its Interexchange Carrier Subscription Service pursuant to FCC 05-32 released, February 17, 2005. Qwest is introducing a separate Primary Interexchange Carrier ("PIC") change charge for changes processed electronically and manually. Qwest is also introducing separate charges for manually and electronically processed changes where a customer requests an interstate PIC change simultaneously with an intraLATA PIC change. Since these rates are set within the safe harbors established in FCC 05-32 they are being filed without separate cost support.

The Tariff filing fee in the amount of \$720.00 is being paid by credit card through the appropriate entries in Section E of the ETFS generated Form 159.
