**AT&T Petitions for Pricing Flexibility for Dedicated Transport and Special Access Services -WCB/Pricing 06-08, Petition of the Ameritech Operating Companies, WCB/Pricing 06-09, Petition of Southwestern Bell Telephone Company**

Dear Ms. Dortch:

Attached is a copy of AT&T's January 26, 2006 ex parte filing regarding its Petitions for Pricing Flexibility for Dedicated Transport and Special Access Services for the Ameritech Operating Companies and the Southwestern Bell Telephone Company.

The filing, originally made in paper copy at the FCC, was uploaded to the FCC's Electronic Comment Filing System instead of the Electronic Tariff Filing System (ETFS). For clarification purposes, AT&T is now filing an electronic copy of its January 26, 2006 ex parte through the ETFS.

Pursuant to Section 1.1206(b) of the Commission's rules, this letter is being filed electronically. I ask that this letter be placed in the record for the above referenced proceedings.

Please contact me at 202-326-8831 should you have any questions.

Sincerely,

/s/ Sarah L. Green

**AT&T Petitions for Pricing Flexibility for Dedicated Transport and Special Access Services -WCB/Pricing Docket No. 06-08, Petition of the Ameritech Operating Companies, WCB/Pricing Docket N0. 06-09 Petition of Southwestern Bell Telephone Company**

Dear Ms. Dortch:

Attached are revised copies of AT&T's Appendix A of its Petitions for Pricing Flexibility for Dedicated Transport and Special Access Services for the Ameritech Operating Companies and the Southwestern Bell Telephone Company.

Please note the additional footnote at the bottom of each Appendix A, clarifying that channel terminations between the serving wire center and end user's premises, and the optional features and functions associated with these services are found in the special access basket rather than the trunking basket.

I ask that this letter be placed in the record for the above referenced proceedings.

Please contact me at 202-326-8831 should you have any questions.

Sincerely,

/s/ Sarah L. Green
