ACCESS SERVICE

2. General Regulations (Cont'd)2.4 Payment Arrangements and Credit Allowances (Cont'd)2.4.4 Credit Allowance for Service Interruptions (Cont'd)(B) When a Credit Allowance Applies (Cont'd)

- (7) Under NYNEX PERFORMANCE PLUS, Special Access High Capacity 1.544 and 44.736 Mbps*, Verizon Dedicated SONET Ring (DSR) as set forth in Section 34.1 following, IntelliLight Shared Assurance Network, IntelliLight Dedicated SONET Ring as set forth in Section 26.1 following, Enterprise SONET Service, NES Services, except for NES FDDI Service, are guaranteed service restoral within one minute in the event of a service failure except as specified in 2.4.4(C) following. If this commitment is not met, a credit allowance of 100% of the monthly rate for the applicable rate elements of the affected service(s) will apply. Only one such credit is allowed in a single month's billing period. Credits for 44.736 Mbps channel terminations will be based upon the rate effective and rate band applicable to the customer at the time of service failure. (T)

- * Section 2.4.4(B)(7) is not available for Special Access High Capacity 1.544 and 44.736 Mbps services (DS1 and DS3 services) installed after June 1, 2006. The preceding sentence applies to both DS1 and DS3 services that are provided on a month-to-month basis and DS1 and DS3 services that are provided under a Discount Plan (as defined below). (N)

For DS1 and DS3 services installed on or before June 1, 2006, Section 2.4.4(B)(7) will not be available as follows:

- (a) For DS1 or DS3 services provided on a month-to-month basis, after June 1, 2006.
- (b) For DS1 or DS3 services provided under a Discount Plan (as defined below), after the date of expiration, termination, or cancellation of the Discount Plan commitment period that is in effect on June 1, 2006.

As used in this note, "Discount Plan" means any tariff arrangement for the provision of DS1 or DS3 services other than on a month-to-month basis. (N)

ACCESS SERVICE

- 2. General Regulations (Cont'd)
- 2.4 Payment Arrangements and Credit Allowances (Cont'd)
- 2.4.4 Credit Allowance for Service Interruptions (Cont'd)
- (B) When a Credit Allowance Applies (Cont'd)
- (7) (Cont'd)

When DSR as set forth in Section 34.1 following is arranged with subtending rings, credit allowance for a service interruption is applied independently to each ring. For example, if the main DSR becomes interrupted and is eligible for credit allowance, no credit allowance is due on the subtending ring(s) associated with that main ring unless service on the subtending ring(s) is also interrupted.

(M)

For services provided as part of a Shared Use Arrangement or provided under a Service Discount Plan, the same reduction or discount percentage will be applied to the credit allowance(s) specified above. For instance, if a DS1 Service is under a 24 month plan and is subject to a 5% discount, the applicable DS1 credit(s) listed above for a service interruption will also be subject to a 5% discount; or if a DS1 Service is being reduced by 1/24th as a result of a Shared Use Arrangement, the applicable DS1 credit(s) listed above for a service interruption will also be reduced by 1/24th.

(M)

- (8) For certain Special Access services, a Special Access Service Guarantee (SASG) credit allowance will apply in the event that such services experience a service interruption of four (4) or more consecutive hours except as specified in 2.4.4(C) following. The SASG credit allowance will apply to Metallic, Telegraph Grade, Voice Grade, monthly Program Audio and Video, Digital Data, WATS Access Line Service, DIGIPATH Digital Service II (DDS II) and High Capacity DS1 & DS3 Special Access services (collectively, Special Access Services).

(T)

(T)

(C)

If a Special Access Service is eligible for an SASG credit allowance, the Telephone Company shall provide the applicable credit amount as set forth in the table following. The Telephone Company shall bill customer the applicable monthly rate for the Special Access Service, and if customer is eligible to receive the SASG credit allowance, the customer shall receive the SASG credit in a later invoice. The SASG credit allowance is in addition to any other credit allowances available under this Section 2.4.4. The maximum amount of all credit allowances available under this Section 2.4.4 for a Special Access Service for a given billing period shall not exceed the total applicable monthly charge paid by the customer for such Special Access Service. The monthly charge will consist of all applicable rate elements charged to the circuit experiencing the service interruption. The SASG credit allowance can only be applied once per month on a per circuit basis. For multi-point circuits, the SASG credit allowance will apply to each leg of the circuit that experiences a service interruption.
