8.1.8 Service Discount Plans

(A) General

Service Discount Plans apply to the ADSL service rate elements listed below:

- ADSL Access Port as listed in Section 17.4.8(A)2. (x)
- ADSL Network Access Link (ADSL NAL) Recurring Charge
- ADSL Access Port Nonrecurring Charge

(B) Description

The nonrecurring charge for the ADSL Access Port will be waived for any customer subscribing to a contract of twelve (12) months or more. However, if the contract is terminated prior to the contract expiration date the full nonrecurring charge will be applied.

For an ADSL NAL subscribed to a Service Discount Plan, the current monthly recurring tariff rate will be reduced by a fixed percentage (discount). The amount of the discount differs with the commitment length of the Service Discount Plan.

The minimum period for circuits under the Service Discount Plan is 12 months.

The discount and the length of the Service Discount Plans are detailed in 17.4.7 following. (x)

The discount can be changed by the company at any time. However, the discount in effect at the time the customer subscribes to the Service Discount Plan will remain in effect until the expiration of that plan.
