## ACCESS SERVICE

9. Advanced Communications Networks (Cont'd)9.4 Rate Regulations9.4.1 Rate Elements

A nonrecurring charge and a monthly rate apply for the installation of ADSL Service. A nonrecurring charge is also applicable when making changes, i.e., bandwidth, access provider, move.

ADSL Service is available in nine service level packages, and is based on the "downstream and upstream" speeds chosen by the customer. A customer may select from multiple packages; however, the downstream and upstream speeds may not be substituted within a service level, as the packages are defined by the downstream and upstream speeds.

	<u>Downstream</u>	<u>Upstream</u>
ADSL Tier 1	1536 Kbps	384 Kbps
*ADSL Tier 2	1536 Kbps	512 Kbps
#ADSL Tier 3	1536 Kbps	768 Kbps
ADSL Tier 4	256 Kbps	128 Kbps
ADSL Tier 5	512 Kbps	512 Kbps
ADSL Tier 6	3 Mb	384 Kbps
ADSL Tier 7	3 Mb	768 Kbps
ADSL Tier 8	6 Mb	384 Kbps
ADSL Tier 9	6 Mb	768 Kbps

Data speeds set forth above are peak speeds. Actual speeds may be affected by loop distance and other factors, therefore, are not guaranteed.

9.4.2 Term Discounts\*\*

(C)

ADSL Service may be ordered at the customer's option on a monthly rate basis or for Term Discount periods of 12 months (1 year), 24 months (2 years), 36 months (3 years) or 60 months (5 years) as noted in Section 9.4 following.

The minimum service period on a monthly rate basis is one month and for all Term Discount plans is twelve months. The customer must specify the length of the service commitment period at the time the service is ordered.

\* As of March 1, 2004 Tier 2 will no longer be available to new customers.

# As of February 2, 2005 Tier 3 month to month, one and two year options will no longer be available to new customers.

\*\* Effective June 22, 2006 the ADSL Access Port Term Discount pricing will no longer be available to new customers. A customer with an existing term plan on June 22, 2006 may continue service until the expiration of the commitment period. If at the end of the grandfathered Term Plan commitment the customer has not elected to establish a new Volume Pricing Plan (VPP) as described in Section 9.4.6, the customer will be billed the Standard Arrangement charges as specified in Section 9.5 for its in-service ADSL Access Ports. The customer may convert an existing grandfathered Term Plan commitment to a new VPP at any time without the application of a termination liability charge. The Access Order Charge to establish the replacement VPP will also be waived.

## ACCESS SERVICE

9. Advanced Communications Networks (Cont'd)9.4 Rate Regulations (Cont'd)9.4.2 Term Discounts\*\* (Cont'd)

(C)

For customers that subscribe to the Term Discount plan for 12 months, 24 months, 36 months or 60 months the Term Discount Rates as set forth in 9.4 following will be frozen from Company initiated increases, for the entire discount period of the rates in effect at the beginning of the Term Discount period.

(M)

If a term discount rate decrease occurs during the term of an existing Term Discount plan, the decreased rate will be applied automatically to the remainder of the current Term Discount period.

(M)

At the end of the Term Discount period, the customer may convert to month-to-month service or subscribe to a new Term Discount Plan. If the customer does not make a choice by the end of the discount period, the rates will automatically convert to month-to-month service rates.

9.4.3 Upgrades in Term Discounts \*\*

(C)

Services provided under monthly rates or Term Discount rates may be upgraded to a Term Discount plan. A Service Charge as set forth in 9.4 following will apply for each upgrade, but without incurring discontinuance charges for existing services. The new Term Discount plan must meet or exceed the service term of the plan being upgraded. For example, a service with a one-year plan commitment period may be upgraded to a new one-year plan or two-year plan commitment. The monthly rates will be those that are in effect at the time the service is upgraded. A new minimum service period applies to all services that are upgraded.

9.4.4 Discontinuance of Service\*\*

(C)

If the customer chooses to disconnect all or a portion of the service prior to the expiration of the Term Discount period, discontinuance charges will apply to the portion of the service being discontinued.

Should the customer choose to discontinue a Term Discount plan prior to the completion of the minimum service period, discontinuance charges will apply. Discontinuance charges equal to one-hundred percent of the total undiscounted monthly rates, less any amounts previously paid, will apply for the minimum service period.

\*\* Effective June 22, 2006 the ADSL Access Port Term Discount pricing will no longer be available to new customers. A customer with an existing term plan on June 22, 2006 may continue service until the expiration of the commitment period. If at the end of the grandfathered Term Plan commitment the customer has not elected to establish a new Volume Pricing Plan (VPP) as described in Section 9.4.6, the customer will be billed the Standard Arrangement charges as specified in Section 9.5 for its in-service ADSL Access Ports. The customer may convert an existing grandfathered Term Plan commitment to a new VPP at any time without the application of a termination liability charge. The Access Order Charge to establish the replacement VPP will also be waived.

## ACCESS SERVICE

9. Advanced Communications Networks (Cont'd)9.4 Rate Regulations (Cont'd)9.4.4 Discontinuance of Service \*\* (Cont'd) (C)

Additionally, discontinuance charges of fifty percent of the total undiscounted monthly ADSL charges will apply to the remaining portion of the Term Discount period. (M)  
(M)  
(M)

Should the customer choose to discontinue service ordered under a Term Discount plan after the minimum service period but before the completion of the Term Discount period, discontinuance charges will apply. Discontinuance charges of fifty percent for ADSL Service, of the total undiscounted monthly charges will apply to the remaining portion of the Term Discount period. For example, a customer has ADSL Service which it chooses to discontinue after 16 months into a 24 month service term, the discontinuance charges would be 0.50 times 8 months times the undiscounted monthly rate for that service.

9.4.5 Promotional Offerings

(A) For a limited time only, Telephone Company subscribers to local service may order new ADSL Tier Four service at \$12.00 a month for the first 12 months of service. To receive this promotional offering, a customer must place an order for new ADSL service between January 1, 2005, and June 30, 2005. This promotional offering is available to residential and business customers. If the order completion is delayed due to Telephone Company reasons, the promotional offering will be extended to those affected customers. This offering is not available with any other promotions.

(B) For a limited time only, Telephone Company subscribers to local service may order new ADSL Tier Six service at \$19.95 a month for the first 12 months of service. To receive this promotional offering, a customer must place an order for new ADSL service between February 2, 2005, and June 30, 2005. This promotional offering is available to residential and business customers. If the order completion is delayed due to Telephone Company reasons, the promotional offering will be extended to those affected customers. This offering is not available with any other promotions.

\*\* Effective June 22, 2006 the ADSL Access Port Term Discount pricing will no longer be available to new customers. A customer with an existing term plan on June 22, 2006 may continue service until the expiration of the commitment period. If at the end of the grandfathered Term Plan commitment the customer has not elected to establish a new Volume Pricing Plan (VPP) as described in Section 9.4.6, the customer will be billed the Standard Arrangement charges as specified in Section 9.5 for its in-service ADSL Access Ports. The customer may convert an existing grandfathered Term Plan commitment to a new VPP at any time without the application of a termination liability charge. The Access Order Charge to establish the replacement VPP will also be waived. (N)

(TR164)

## ACCESS SERVICE

9. Advanced Communications Networks (Cont'd)9.4 Rate Regulations (Cont'd)9.4.6 Volume Pricing Plan (VPP)

(N)

(A) Description

The ADSL Volume Pricing Plan (VPP) is an optional pricing plan that provides ADSL Access Port rates based on volumes of a customers in-service ADSL Access Ports as specified in Section 17.4.8(A)3. The Monthly VPP rate applicable each month of the quarter is based on periodic review of the customers total volume for all in-service ADSL Access Ports, as specified in Section 8.1.10(B) following.

New customers ordering ADSL VPP service will be established at the appropriate volume level based on the number of ADSL Access Ports requested in the customer's initial order.

(B) Periodic Review

The VPP Level will be reviewed by the Telephone Company during the first month of each calendar quarter (i.e. January, April, July and October). A count will be taken of all of the customers in-service ADSL Access Ports as of the last day of the quarter (i.e. March 31, June 30, September 30 and December 31). If a customer's in-service ADSL Access Ports have increased or decreased beyond the the customer's current VPP level as specified in Section 17.4.8(A)3 the Telephone Company will, based on the appropriate rate for the customer's new VPP level as specified in Section 17.4.8(A)3, automatically update the customer's bill accordingly by the first bill cycle of the second month of the following quarter (i.e. February, May, August or November).
