**TARIFF F.C.C. NO. 1 (ACCESS SERVICE)**

**TRANSMITTAL NO. 4**

**ISSUED: August 1, 2006**

**EFFECTIVE: August 16, 2006**

**DESCRIPTION & JUSTIFICATION**

I. Introduction

Micronesia Telecommunications Corp. (MTC) hereby submits with its Description and Justification (“D&J”) in support of changes to its Tariff F.C.C. No. 1 filed under Transmittal No. 4, pursuant to Sections 61.41 through 61.49 of the Commission’s rules. In this filing MTC is clarifying the application of nonrecurring charges for Digital Data Service (DDS) and changing the DS1 Term Volume Plan (TVP) to allow the purchase of a single line under this plan.

II. Digital Data Service (DDS)

In this Transmittal, MTC revises Digital Data Service language in Section 5 to clarify the nonrecurring charge rate application. Clarification is needed to indicate that the nonrecurring charge applies to customers initially subscribing to either the DDS Standard Arrangement or DDS Optional Payment Plan Arrangement, but does not apply to customers converting from the Standard Arrangement to Optional Payment Plan Arrangement.

III. DS1 Term Volume Plan (TVP)

In this Transmittal, MTC also revises the DS1 Term Volume Plan (TVP) one, two, three and five year term volume discounts to include single lines. This proposed change will allow customers to purchase a single DS1 line under the term plan.

There is no change to rates, therefore no support material is required for this filing.

This filing is being made on a streamlined basis on 15 days' notice under Section 204(a)(3) of the Communications Act of 1934, as amended.
