Qwest is filing tariff language in its Tariff F.C.C. No. 1, Section 7, Private Line Transport Service and Section 17 Private Line Transport Service – Pricing Flexibility, to add a 12 and 24 month fixed term plan for DS1 and Digital Data Service (56 and 64 kbps). Under this change, DS1 and Digital Data Service can be ordered at the customer's option on a month-to-month basis or for a fixed period of 1 year (12 months), of 2 years (24 months), of 3 years (36 months) or 5 years (60 months). The optional rate plans allow the Private Line Transport Service customer to integrate Digital services into their networks with the assurance of no Company-initiated increases in rates during the fixed period.

As part of this filing Qwest is also reducing the minimum service period for GeoMax service from 36 months to 12 months. This change will be to the benefit of customers and make GeoMax consistent with other Qwest Tariffed Private Line Transport Services.

Supporting information discussed under Sections 61.38 and 61.49 of the Commission's Rules is, to the extent required, included in this transmittal letter.
