135th Revised Page 1
44th Revised Page 1.5

With this filing, NBTC is proposing to expand the interface options available for the Multi-service Optical Network (MON) Ring offering by adding new interface options. This filing also includes: the reduction of 3-year and Monthly Extension rates for ISC-1™ protected channel; the addition of new rate elements – Sub-Rate System, Digital Video Broadcasting (DVB-ASI) and ISC-1™ protected channels, and ISC-3™ protected/unprotected channels. Several non sub-rate interface options are also being added. Additionally, this filing includes the moving of existing material for clarity.

Supporting information discussed under Section 61.49 of the Commission's Rules, to the extent applicable, is included with this filing in the attached Description and Justification.

In accordance with Section 61.14, this transmittal letter and associated attachments are being filed electronically today via the Federal Communications Commission's Electronic Tariff Filing System (ETFS) in compliance with the electronic filing procedures.
