Qwest is filing tariff language in its Tariff F.C.C. No. 1, Section 13, Miscellaneous Services, to remove the word "printed" from how a customer is provided a summary of their traffic data under Traffic Data Report Services (TDRS). Qwest is making this change to allow for different forms of product delivery and to make the FCC tariff consistent with state tariffs. There are currently no interstate customers using this service.

Supporting information discussed under Sections 61.38 and 61.49 of the Commission's Rules is, to the extent required, included in this transmittal letter.

As part of this filing Qwest is also adding four new special construction cases in its Tariff F.C.C. No. 2, Special Construction. Supporting information for this case, discussed under Section 61.38 of the Commission's Rules, is included in the attached Special Construction Description and Justification (D&J).
