Customer Broad Star, LLC

Miami, state

Transmittal Number 1010

CASE NO. FL06-G379-00

**SECTION 1  
INTRODUCTION  
SPECIAL CONSTRUCTION CASE  
FL06-G379-00**

With this filing, BellSouth Telecommunications, Inc. proposes to recover the cost associated with special construction necessary to provide Metro Ethernet service from the customer's location at 1560 NW 119th Street, Miami, Florida to the Miami Central Office at 2660 E Superior Street. Special Construction is required because facilities are not available to meet the Customer's request. The Telephone Company must construct new facilities consisting of 920 feet of aerial fiber cable between the customer's location and the Miami Central Office. The Telephone Company has no other planned use for the facilities requested.

Because this special construction is provided in connection with a service available under an existing tariff, the customer will be charged the tariff rates for services as set forth in BellSouth's FCC Tariff in addition to the charges described herein. The charges set forth in this filing recover the costs caused by this customer's request. Workpaper I provides a summary of the charges for the service; Workpaper II provides cost details, Workpaper III provides monthly capital cost calculations, and Workpaper IV provides non-recoverables summary.

## SECTION 2

### RATE AND COST DEVELOPMENT

#### 2.1 INTRODUCTION

This special construction case establishes charges necessary for facilities to provide service between the customer location at 1560 NW 119th Street, Miami, Florida and the Miami Central Office. The facility portion requiring special construction consists of 920 feet of aerial fiber cable between the customer's location and the Miami Central Office.

The customer has requested an Optional Payment Arrangement as provided for in Section 2.6.6 of BellSouth's FCC Number 2 Special Construction tariff. The following is a summary of the charges associated with this filing. A description of each element is contained in Section 2.2.

#### Special Construction Charges for Metro Ethernet Service

Monthly Charge Applicable for 61 months	\$79.00
Case Preparation	\$1,428.00

#### 2.2 DESCRIPTION OF CHARGES

##### 2.2.1 Optional Payment Arrangement

The monthly charge is applied to recover the present worth of the monthly capital costs, calculated over the account average life of the applicable field reporting code, then spread over the contract period. The capital costs are developed from the estimated non-recoverable investments associated with the special

construction. The non-recoverable investments consist of estimated engineering and installation costs based on labor hours and labor rates, outside contractor billing and associated material. Details of this component are shown on Workpaper IV, page 1. The present worth of the capital costs is developed using the authorized cost of capital. These costs are amortized over the sixty-one months term using the authorized cost of capital to provide the monthly charge applicable for sixty-one months as the optional payment arrangement requested by the customer. Details of the costs supporting this component are shown on Workpaper II, page 1.

The Case Preparation Charge is applied to recover the applicable costs of the case preparation. Case preparation consists of the cost of administrative expenses associated with preparing a special construction case and the associated tariff filing. Details of the costs supporting this component are shown on Workpaper II, page 1.
