Transmittal No. 192

Secretary
Federal Communications Commission
Washington, DC 20554

Attention: Pricing Policy Division

In accordance with the requirements of the Communications Act of 1934, as amended, Telephone Utilities Exchange Carrier Association ("TUECA") is filing herewith revisions to its Tariff F.C.C. No. 2, Access Services, to become effective on 15 days notice on November 16th as shown on the following checksheet:

TARIFF F.C.C. NO. 2

46th Revised Page 1

This filing modifies the presubscription language to define an end user's indication that they do not want to presubscribe to an interexchange carrier as a No-PIC selection. A No-PIC selection requires an end user to dial an access code for all interLATA calling. Additionally, end users will be defaulted to No-PIC in a pre-equal access conversion environment if they fail to respond to the second ballot notification. Finally, the allocation option in a post-equal access conversion environment was removed for end users that fail to designate an IC prior to the installation of service. If an end user does not make a PIC selection when new local exchange service is installed, the telephone company will default the end user's line to No-PIC.

The original transmittal letter, along with F.C.C. Form 159 and the required filing fee of \$720 are being sent via overnight service to the Mellon Bank in Pittsburgh, Pennsylvania, under FRN 0003-7406-51.

All calls concerning this filing can be made to me at 360 905-7918. Correspondence should be sent to me at the above address or faxed to 360 905-7979.
