## DESCRIPTION

Under authority of Special Permission No. 07-001 of the Federal Communications Commission, the Verizon Telephone Companies (“Verizon”) are submitting tariff pages to introduce a new Contract Tariff Option (“New Option”) in its Tariff F.C.C. Nos. 1, 11, and 14.

In Tariff F.C.C. No. 1, Tariff F.C.C. No. 11, and Tariff F.C.C. No. 14, the New Option provides discounted monthly rates for ports that allow DS1 services, DS3 services, and multiplexed DS3 services to be provided over dedicated SONET rings that are provided by Verizon. Tariff F.C.C. No. 11 further provides discounted monthly rates for DS1 services, DS3 services, and multiplexed DS3 services that are served by Verizon New York wire centers that are within the New York, NY Metropolitan Statistical Area (“MSA”) #1. The customer must subscribe to this new option and meet the requirements set forth in the attached tariff pages in order to receive these discounted monthly rates, and to be eligible for the other benefits of this new option.

The New Option is filed pursuant to Verizon receiving Pricing Flexibility relief for Special Access Services in qualifying MSAs and is introduced as Contract Tariff Option 45 in Tariff F.C.C. No. 1, Contract Tariff Option 46 in Tariff F.C.C. No. 11, and Contract Tariff Option 21 in Tariff F.C.C. No. 14.
