87-2 U.S. Sprint

Consolidate the former GTE Sprint's and US Telcom's FGD presubscribed end user traffic and billing. The consolidation of traffic will occur at each tandem office to which U.S. Sprint has ordered FGD as well as at end offices where FGD Service is directly routed to the customer's premises. Traffic will be reprogrammed to route Carrier Identification Codes (CICs), presently utilized by the IC, over the same trunk groups, with provisions for traffic overflow patterns in tandem switches that have more than one trunk group.

The billing accounts will be merged to provide a single U.S. Sprint account. Should U.S. Sprint request discontinuance of this combined billing-routing arrangement, a new specialized arrangement and new charges will be developed.

Presubscription ballots and service center listings will be altered to reflect the merger.

Nonrecurring  
Charge

Specialized Consolidation Arrangement

\$104,182.00

Note: The preceding charge is in addition to all other rates and charges that may be applicable for the associated Switched Access services.

## 84-1 RCA American Communications, Incorporated

Install a twelve fiber cable, referred to as a Fiber Optic Span Line System (Fiber System) to provide a 6.312 Mbps (DS2) facility, from the offices of RCA American Communications, Incorporated on the sixth floor at 60 Broad Street, New York, New York to each of the following radio studios:

ABC at 125 West End Avenue, sixth floor, New York, New York

NBC at 30 Rockefeller Center, fifth floor, New York, New York

CBS at 524 West 57th Street, fourth floor, New York, New York

RKO at 1440 Broadway, fifth floor, New York, New York

The Fiber System is fully route diversified, in that the cable servicing the 60 Broad Street location and the four radio studio locations will be routed along two different geographical paths, each terminating in separate manholes. Each of the five locations is served with dual entrance and riser cables, from the respective manholes to the appropriate terminal locations. The specialized facility will be provided for a period of eight years. The monthly recurring charge shall remain in effect for the eight year period, for a total of ninety-six payments whether or not the OCC uses the facility. If the OCC wishes to continue use of this specialized facility beyond the eight year period new charges will have to be filed.

94-1

Provide five OC48 optical services without multiplexing capability as portions (C)  
of a fiber ring architecture. The five OC48 optical services include 10 (C)  
channels between the customer designated premises and the associated SWCs and  
interoffice channel mileage consisting of 57 airline miles. The remaining (C)  
portions (optical services) of the ring will be provided by a Competitive  
Access provider (CAP). The overall ring will connect 11 customer designated (C)  
premises. In addition, duplicate OC48 optical transmission services are being (C)  
provided for added protection of the primary services. The duplicate services (C)  
are also being provided without multiplexing capability as portions of a fiber (C)  
ring architecture. The following rates, based on a 7-year service period, (C)  
will apply:

<u>USOC</u>	<u>Monthly Rate</u>		<u>Nonrecurring Charge</u>	
xxxxx	\$36,470.00	(I)	\$4,500	(N)

If service is disconnected in full or in part during the service period, the customer is liable for a termination liability charge calculated as set forth in (a) or (b) following. When calculating termination liability charges, the Telephone Company will apply the option which provides the customer with the lowest termination liability charge. For each option listed below, the termination liability charge shall apply to the portion of the service that is disconnected.

Certain regulations previously found on this page can now be found on Original Page 31-93.1.

(This page filed under Transmittal No. 438)

Issued: December 2, 1996

Effective: January 6, 1997

## ACCESS SERVICE

31. The NYNEX Telephone Companies Rates and Charges (Cont'd)31.12 Specialized Service or Arrangements (Cont'd)New York (Cont'd)Case No.

## 94-1 (Cont'd)

If service is disconnected in full or in part during the service period, the customer is liable for a termination liability charge calculated as set forth in (a) or (b) following. When calculating termination liability charges, the Telephone Company will apply the option which provides the customer with the lowest termination liability charge. For each option listed below, the termination liability charge shall apply to the portion of the service that is disconnected. (M)

(a) Option 1 (M)

For disconnects prior to the end of the service period, the termination liability charge is 80% of the service period rate for each month and fraction thereof in the balance of the service period. (M)

(b) Option 2 (M)

The termination liability charge will be the product of the actual number of months the service has been in effect times a rate differential. (M)

The rate differential is the difference between the rate that would be applicable for a lesser service period and the rate for the service period. (M)

The rate differential used to calculate the termination charges are: (M)

<u>DISCONNECT PERIOD</u>	<u>RATE DIFFERENTIAL</u>	(M)
1 Month - 23 Months	.66 x Service Period Rate	(M)
24 Months - 35 Months	.58 x Service Period Rate	(M)
36 Months - 47 Months	.50 x Service Period Rate	(M)
48 Months - 59 Months	.25 x Service Period Rate	(M)
60 Months - 83 Months	.08 x Service Period Rate	(M)

## ACCESS SERVICE

31. The NYNEX Telephone Companies Rates and Charges (Cont'd) (C)31.12 Specialized Service or Arrangements (Cont'd)New York (C)Case No. (M)

## 87-1 U.S. Sprint (M)

Consolidate the former GTE Sprint's and US Telcom's FGD presubscribed end user traffic and billing. The consolidation of traffic will occur at each tandem office to which U.S. Sprint has ordered FGD as well as at end offices where FGD Service is directly routed to the customer's premises. Traffic will be reprogrammed to route Carrier Identification Codes (CICs), presently utilized by the IC, over the same trunk groups, with provisions for traffic overflow patterns in tandem switches that have more than one trunk group. (M)

The billing accounts will be merged to provide a single U.S. Sprint account. Should U.S. Sprint request discontinuance of this combined billing-routing arrangement, a new specialized arrangement and new charges will be developed. (M)

Presubscription ballots and service center listings will be altered to reflect the merger. (M)

Nonrecurring  
Charge (M)

Specialized Consolidation Arrangement \$231,015.00 (M)

The preceding charge is in addition to all other rates and charges that may be applicable for the associated Switched Access Services. (M)

## 87-2 MCI Telecommunications (M)

Change customer lines which are presubscribed to one of MCI's Carrier Identification Codes to another of MCI's Carrier Identification Codes. (M)

The Telephone Company will send MCI confirmation of the access code assignment of each customer line changed. (M)

The Telephone Company will bill MCI the charge set forth following for each changed customer line. (M)

Nonrecurring  
Charge (M)

Per Telephone Exchange Service line or trunk, Centrex-CO line, or Feature Group A Line \$5.00 (M)

Rates on this page formerly appeared on Original Page 31-96 and Original Page 31-97.

31. The NYNEX Telephone Companies Rates and Charges (Cont'd) (C)31.17 Packet Switching Access Service31.17.1 INFOPATH Packet Switching Service – Synchronous

Rates and charges as specified in 31.7 of this tariff apply, as appropriate, for each channel connected to an access concentrator or packet switch. The technical specifications are defined under optional features in Section 7. for channels provided to the port connections.

In addition to the charges specified following, the general regulations and charges specified in other sections of this tariff apply, as appropriate.

(A) Access Concentrator Port Connections (Low to Medium Throughput)

Rates and charges include central office equipment at the Access Concentrator, one logical channel and one network address. In addition, in the New York Telephone operating territory, the service requires a Voice Grade Channel as specified in Section 7. between the customer premises and the Access Concentrator; and in the New England Telephone operating territory, a Voice Grade or DIGIPATH digital service II (DDS II) Channel as specified in Section 7. between the customer premises and the Access Concentrator and a Central Office Interface as specified in (3) following. ## ACCESS SERVICE

31. The NYNEX Telephone Companies Rates and Charges (Cont'd) (C)31.17 Packet Switching Access Service (Cont'd)31.17.1 INFOPATH Packet Switching Service – Synchronous (Cont'd)(C) Packet Switch Port Connections (High Throughput)

In the New York Telephone operating territory, rates and charges include (C)  
central office equipment at the packet switch, the appropriate interface  
arrangements and the first network address. The port change also  
includes 127 logical channels per port at 9.6 kbps and 511 logical  
channels per port at 56.0 kbps. The service requires Digital Data  
Service Channel as specified in Section 7. from the customer location  
to the packet switch at data rates of 9.6 or 56.0 kilobits per second.

In the New England Telephone operating territory, rates and charges (C)  
include central office equipment at the packet switch, the appropriate (M)  
interface arrangements, the first network address and one logical (M)  
channel. In addition, the service requires a Voice Grade, Digital Data (M)  
Service or DIGIPATH digital service II (DDS II) Channel as specified in (M)  
Section 7. from the customer location to the packet switch at data rates (M)  
of 9.6 or 56.0 kilobits per second. (M)

## ACCESS SERVICE

Pursuant to Special Permission No. 91-175 assigned by the Chief, Tariff Division of the Federal Communications Commission, the effective date of tariff revisions for introducing two Inward Operator Services, Busy Line Verification (BLV) and Busy Line Verification and Interrupt (BLV/I) Services rates and other changes is hereby further deferred from March 1, 1991 to March 6, 1991. These services were originally filed under Transmittal Nos. 1035 and 1024 and revised under Transmittal Nos. 1085 and 1079 for New England Telephone and Telegraph Company's Tariff F.C.C. No. 40 and New York Telephone Company's Tariff F.C.C. No. 41, respectively. They were re-filed in NYNEX Telephone Companies Tariff F.C.C. 1 under Transmittal No. 4 on February 8, 1991.

## ACCESS SERVICE

Pursuant to Special Permission No. 93-432, granted by the Chief, Tariff Division of the Federal Communications Commission, the effective date of tariff revisions which provide for the reallocation of certain general support facilities (GSF) expenses from the Special Access basket to the Common Line basket in order to correct an overallocation of GSF expenses to the Special Access category is hereby further deferred from May 22, 1993 to July 1, 1993. These revisions were originally filed under Transmittal No. 137 on November 18, 1992. The Carrier Common Line and End User Common Line Multiline Business rates subsequently were revised under Transmittal No. 148 filed on December 11, 1992. Transmittal No. 148 also revised certain Traffic Sensitive rates and charges which should have been revised under Transmittal No. 137. In addition, the DS3 Optical Fiber Interface Option rates subsequently were revised under Transmittal No. 169 filed on March 2, 1993 and the 44.736 Mbps charge was correctly reflected on the tariff page filed under Transmittal No. 172 on March 17, 1993. Further, Transmittal No. 185 reinstated, as pending, the 560 Mbps Capacity (12 DS3s) 4th-9th channel monthly fixed rate originally filed under Transmittal No. 169.

## ACCESS SERVICE

Pursuant to Special Permission No. 93-466, assigned by the Chief, Tariff Division of the Federal Communications Commission, the effective date of tariff revisions originally filed under Transmittal No. 165 on February 16, 1993 and revised on May 27, 1993 and June 14, 1993 under Transmittal Nos. 197 and 202 respectively, is hereby advanced to June 15, 1993. These filings introduced rates and regulations for Expanded Interconnection for 1.544 Mbps and 44.736 Mbps (Electrical) High Capacity Special Access Services on a permanent basis.

Additionally the revisions filed under Transmittal Nos. 165, 197 and 202 are hereby suspended for one day to June 16, 1993.

Further, the Expanded Interconnection rate elements listed below are adjusted by the following Rate Adjustment Factors (RAFs) and the portion of the rate that exceeds the levels justified by the present record is suspended from June 15, 1993 to November 15, 1993.

<u>Rate Element</u>	<u>RAF</u>
1.544 Mbps Office Channel Termination	95.73%
44.736 Mbps Office Channel Termination	95.79%
Cable Space (Var.)	95.65%
Basic D.C. Power	95.77%

## ACCESS SERVICE

Pursuant to Special Permission No. 95-1357, granted by the Chief, Tariff Division of the Federal Communications Commission, the effective date of tariff revisions which provide for the introduction of term and volume discounts of Switched Access Services in the state of Massachusetts is hereby further deferred from September 30, 1995 to October 14, 1995. The term and volume discounts were originally introduced under Transmittal Nos. 273 and 303 on January 24, 1994 and June 9, 1994, respectively. In addition, the effective date of technical corrections to Transmittal Nos. 273 and 303 which were filed on September 18, 1995 under Transmittal No. 392, is also hereby deferred from September 30, 1995 to October 14, 1995.

Supplement No. 117 which was filed on July 28, 1995 under Transmittal No. 387 in order to defer the effective date of Transmittal Nos. 273 and 303 to September 30, 1995, is hereby cancelled.

The following tariff pages, filed under Transmittal No. 273, are affected by this supplement:

## ACCESS SERVICE

Pursuant to Special Permission No. 96-465, granted by the Chief, Tariff Division of the Federal Communications Commission, the effective date of tariff revisions originally filed under Transmittal No. 405 is hereby deferred further from May 7, 1996 to June 6, 1996. Transmittal No. 405 was originally filed on February 7, 1996 to provide for the introduction of NYNEX Enterprise SONET Access Service to Fidelity Management and Research Corporation under rates and charges and terms and conditions which have been developed in response to competitive necessity. Transmittal No. 405 was subsequently deferred to May 7, 1996 under Transmittal No. 408.

In addition, Supplement No. 123, which was filed on March 13, 1996 under Transmittal No. 408 in order to defer the effective date of Transmittal No. 405 from March 13, 1996 to May 7, 1996, is hereby cancelled.

## ACCESS SERVICE

Pursuant to Special Permission No. 96-726, granted by the Chief, Tariff Division of the Federal Communications Commission, the effective date of tariff revisions originally filed under Transmittal No. 426 is hereby further deferred from October 1, 1996 to October 16, 1996. Transmittal No. 426 was originally filed on August 19, 1996 for effect on September 2, 1996 to provide for an exogenous reduction of costs due to reclassification of inmate-only pay telephone investment from regulated activity to nonregulated activity. Transmittal No. 426 was subsequently deferred under Transmittal Nos. 430 and 431 to September 16, 1996 and October 1, 1996, respectively.

In addition, Supplement No. 126, which was filed on September 13, 1996 under Transmittal No. 431 in order to defer the effective date of Transmittal No. 426 from September 16, 1996 to October 1, 1996, is hereby cancelled.

The following tariff pages, filed under Transmittal No. 426, are affected by this supplement:

## ACCESS SERVICE

Pursuant to Special Permission No. 96-816, granted by the Chief, Tariff Division of the Federal Communications Commission, the effective date of tariff revisions originally filed under Transmittal No. 436 is hereby deferred from December 12, 1996, to December 21, 1996. Transmittal No. 436 was originally filed on November 27, 1996, to revise price cap indices and to provide for an exogenous reduction of costs related to the Commission's Report and Order In the Matter of 800 Data Base Access tariffs and the 800 Service Management System Tariff and Provision of 800 Services. This filing also provides for revisions to remove Resporg service from the NTC's tariff following the Commission's conclusion that Resporg services are not subject to Title II regulation.

## ACCESS SERVICE

Pursuant to Special Permission No. 97-106, granted by the Chief, Tariff Division of the Federal Communications Commission, the effective date of tariff revisions originally filed under Transmittal Nos. 443 and 449 is hereby deferred from April 1, 1997 to April 15, 1997. Transmittal No. 443 was filed in compliance with the Commission's Report and Order in FCC 96-388, In the Matter of Implementation of Pay Telephone Reclassification and Compensation Provisions of the Telecommunications Act of 1996, CC Docket, FCC 96-128, released September 20, 1996, and modified by the Order on Reconsideration, FCC 96-439, released November 8, 1996. Transmittal No. 443 was subsequently modified under Transmittal No. 449 which was issued on March 5, 1997. Transmittal Nos. 443 and 449 provide for revisions to certain Carrier Common Line rates to reflect the reclassification of NYNEX payphone stations from regulated to non-regulated accounts and to reflect a rate restructure to incorporate and imposition a multiline business (MLB) End User Common Line (EUCL) charge on NYNEX payphone lines and to remove the associated payphone revenues from the Carrier Common Line rates.
