21. CONTRACT TARIFFS

This section contains terms and conditions and rates and charges for contract tariffs provided by the Telephone Company. Individual contract tariffs are filed in 21.2 following.

21.1 General

Contract tariffs apply in Metropolitan Statistical Areas (MSA) which are eligible for Phase I and Phase II Pricing Flexibility. MSA that are eligible for Phase II Pricing Flexibility are further subject to Level 1 and Level 2 MSA pricing. Telephone Company Phase II MSAs and Level 1 and 2 pricing eligibility within the operating territories of The Verizon Telephone Companies are set forth in this Tariff F.C.C. No. 14, Section 19.1; Tariff F.C.C. No. 1, Section 14.7; and Tariff F.C.C. No. 11, Section 15.3.

Each contract tariff includes a serving area that is comprised of one or more MSAs within the operating territories of one or more Verizon Operating Telephone Companies. This tariff provides for service within the operating companies of Verizon California Inc., Verizon Florida LLC, Verizon North Inc., Verizon Northwest Inc., Verizon South Inc., Verizon Southwest Inc., and Verizon West Coast Inc. whose operating territories are specified in Section 19.1 preceding. The remaining Verizon Operating Telephone Companies participate in Tariff F.C.C. No. 1, No. 11 and/or No. 20 as shown below. These tariffs also specify the operating territories of each company. (C) (T)

When the serving area for a contract tariff encompasses more than one Verizon Operating Telephone Company, that contract aggregates services, rates and charges, incentives and other contract-specific terms and conditions for MSAs within all of the Verizon Operating Telephone Companies participating in that contract. The Verizon Operating Telephone Companies which contain MSAs:
