Attention: Wireline Competition Bureau

The accompanying tariff material, issued on behalf of Qwest Corporation (Qwest) FRN 0003-7467-57 (Concurring Carriers, The Malheur Home Telephone Company FRN 0003-7467-65 and El Paso County Telephone Company FRN 0004-3212-46), and bearing Tariff F.C.C. No. 1, effective as reflected on the attached tariff pages, is sent to you in compliance with the requirements of the Communications Act of 1934, as amended. Tariff material, issued on behalf of Qwest Corporation (Qwest) FRN 0003-7467-57 (Concurring Carrier, The Malheur Home Telephone Company FRN 0003-7467-65), and bearing Tariff F.C.C. No. 2 and Tariff F.C.C. No. 4, effective as reflected on the attached tariff pages, is also being sent to you.

This material consists of tariff pages indicated on the following check sheet(s):

Qwest is filing tariff language in its Tariff F.C.C. No. 1, Section 8 Advanced Communications Networks, to add Central Office MOE Bandwidth Profile and Ethernet with Extended Transport (EwET) applications to Metro Optical Ethernet (MOE). Supporting information discussed under Section 61.38 of the Commission's Rules is included in the attached MOE Description and Justification.

As part of this filing Qwest is also introducing Frame Relay Service (FRS) renewal promotions. Under the terms of the first promotion, existing FRS customers may renew their service for 24-months for a 20% discount or 36-months for a 30% discount on all recurring rates without incurring TLA and/or nonrecurring charges.

Under the terms of the second promotion, existing FRS customers may renew their service for 24- or 36-months and double their current bandwidth while retaining the lower bandwidth rate. Qualifying customers will not be subject to TLA or nonrecurring charges. These promotions will be in effect from February 20, 2007 through May 16, 2007.

Qwest is offering this promotion in an effort to retain FRS customers. As a result of this promotion Qwest estimates that 767 FRS customers will be retained which will save \$492,804 in revenue for the first twelve months.

Qwest is also adding tariff language in F.C.C. No. 1, Section 6, Switched Access Service. Language is being added to Pricing Plan and Shared Use Regulations, to clarify that the fixed periods for the PLTS and Switched Access services must be the same. This change is being made to eliminate potential customer confusion.

As part of this filing Qwest is also adding seven new special construction cases in its Tariff F.C.C. No. 2, Special Construction. Supporting information for these cases, discussed under Section 61.38 of the Commission's Rules, is included in the attached Special Construction Description and Justification (D&J).

In addition to the previous changes, Qwest is making a change to Tariff F.C.C. No. 4, Interstate IntraLATA Message Telecommunications Service. Qwest is changing the interactive voice response platform that is reached via the 1-800-487-9378 calling card. With technical changes to the calling card platform, Qwest will no longer be able to provide each additional period in 30 second increments. Calls from the new platform will be billed at the full minute rate for the initial period and each additional period will be billed in 60 second increments. Qwest is requesting that the timing be changed to an additional 60 seconds and to change the rate amount to match the change in timing.

The Tariff filing fee in the amount of \$775.00 is being paid by credit card through the appropriate entries in Section E of the ETFS generated Form 159.
