Qwest is filing tariff language in its Tariff F.C.C. No. 1, Section 7, Private Line Transport Service, to clarify terms associated with the DS1/DS3 Regional Commitment Program (RCP). Language is being added to clarify that when a DS3 is ordered subsequent to the establishment of a DS3 Services RCP and facilities or equipment are not available at the time of the customers request, the new DS3 circuit(s) must complete a VTPP prior to inclusion in any RCP. This change is being made to reduce customer confusion associated with the DS3 RCP.

As part of this filing Qwest is also correcting the Hub Node reference for Bandwidth Capacity of 9.952 Gbps (OC192) in section 15, Self Healing Network Service. The Hub Node description currently contains some incorrect references for an Access Node that would not be applicable for the Hub Node.

The Tariff filing fee in the amount of \$775.00 is being paid by credit card through the appropriate entries in Section E of the ETFS generated Form 159.
