**7. PRIVATE LINE TRANSPORT SERVICE**

**7.1 GENERAL**

**7.1.3 MULTI-PRODUCT PRICING PLANS**

**B.1. (Cont'd)**

DS1 customers subscribing to RCP may not subscribe to VTPP or any other pricing plan for any of their RCP circuits. At the time a DS1 Services RCP is first established for a new DS1 Services RCP customer, all of the customer's VTPP and month-to-month DS1 Services must be converted to RCP.

(C)

At the time a DS3 Services RCP is first established for a new DS3 Services RCP customer, all of the customer's VTPP and month-to-month DS3 Services must be converted to RCP. However when a DS3 is ordered subsequent to the establishment of a DS3 Services RCP and facilities or equipment are not available at the time of the customer's request, the new DS3 circuit(s) must complete a VTPP prior to inclusion in any RCP, as specified in 2.h., following.

Renewal of existing DS3 Services RCP, will only convert the customer's month-to-month DS3 Services to RCP. The RCP customer's DS3s still completing VTPP commitments will not convert to the renewing RCP until the VTPP is fulfilled.

(C)

A customer can have only one RCP in effect at a time.

## **7. PRIVATE LINE TRANSPORT SERVICE**

### **7.1 GENERAL**

#### **7.1.3 MULTI-PRODUCT PRICING PLANS**

##### **B. Regional Commitment Program (RCP) (Cont'd)**

##### **2. Terms and Conditions**

- a. Grandfathered features and services, such as capacity service, are not included in the RCP monthly recurring calculations. The following DS1 Services are also excluded from the RCP calculations.

- Automatic Loop Transfer
- D.C. Line Power
- Transfer Arrangement
- Free-Framed DS1 Service

- b. During the commitment period of 48 months, the customer's RCP services may be moved as set forth in 7.1.1.D. All applicable nonrecurring charges for the move will apply. The monthly rates for the moved RCP service will not change simply because the customer moved the service. The Termination Liability and Waiver Policy, as set forth in 7.1.8, will not apply to DS1 and DS3 Service moves under RCP.

- c. Requests or orders to establish RCP, received by the close of business on the 15th of the month, will be effective with the following month's billing periods. For each billing period, RCP customers will then receive credit on their next month's billing for RCP. Except those services/features specified in a., preceding, all rate elements described in 7.11.4 and 7.12.4 are included in the calculation of the RCP credit. DS1 and DS3 credits are calculated and applied separately. Use the following method to calculate the credit amount.

- Determine the total eligible monthly billing for Services in a bill issued in the particular calendar month for which the RCP credit calculation is made.
- Divide the Services' total eligible monthly billing by the total number of in-service circuits as of the date the bill for the total eligible monthly billing amounts was issued. That figure is the average price.
- Multiply the average price times the number of circuits in-service as of the date the bill for the total eligible monthly billing amounts was issued, then
- Multiply the result times 22%.

**15. SELF-HEALING NETWORK SERVICE**

**15.1 GENERAL**

**15.1.2 RATE CATEGORIES**

**C. Hub Node (Cont'd)**

**3. For Bandwidth Capacity of 9.952 Gbps (OC192)**

The Hub Node rate category provides the Add-Drop Multiplexing Function at the customer designated Node location on the Self-Healing Network. This Hub Node Capacity rate applies per month for each customer designated Company wire center located on the SHNS.

(C)  
|  
(C)

DS1 ports may also be ordered via the DS1 port drop capability. Each DS1 Port drop capability allows for 84 DS1 ports with a maximum of two per node; therefore, a Hub Node can accommodate up to 168 DS1s.

(C)
