ACCESS SERVICE

22. Metropolitan Statistical Area Access Services22.1 General Description

- (A) This section of the tariff provides the regulations, rates and terms and conditions that apply to telecommunications services provided by the Telephone Company in the Metropolitan Statistical Areas (MSAs) in which the Telephone Company has received Phase II pricing flexibility pursuant to Subpart H of Part 69 of the Commission's Rules. MSAs are divided into the categories below:

(1) Full Service MSAs

Full Service Relief MSAs are those MSAs which qualified for Phase II pricing flexibility for all elements of service, i.e., local channels (channel terminations) between LEC end offices and customer (end user) premises; entrance facilities; dedicated interoffice facilities; local channels (channel terminations) between an interexchange carrier's point of presence and a serving wire center. The Full Service Relief MSAs are set forth in Section 22.2(A), following.

(2) Limited Service MSAs

Limited Service Relief MSAs are those MSAs that qualified for Phase II pricing flexibility for all elements of service except local channels (channel terminations) between a LEC end office and a customer (end user) premise. The Limited Service Relief MSAs are set forth in Section 22.2(B), following.

- (B) The services provided in MSAs pursuant to this section of the tariff are set forth in Section 22.3, following. These services are comparable to the SWA Dedicated Transport Services in Sections 6.8.1(A), 6.8.1(B), 6.8.1(I), and the Special Access Services in Sections 7, 8, 20, 21, 22, 25, 26 and 27. The general regulations, service descriptions, and rate regulations for the SWA Dedicated Transport Services in Section 6 and the Special Access Services in Sections 7, 8, 20, 21, 26 and 27 are also applicable to the services specified in this section, except as provided below.

(C)

An exception in 22.4(F) applies for term pricing plans.

(C)

- (B) Unless otherwise provided for in this section, regulations set forth in Sections 1, 2, 5, and 13 are also applicable.

ACCESS SERVICE

22. Metropolitan Statistical Area Access Services (Cont'd)22.4 Rate Regulations (Cont'd)(F) Pricing Plans

For the purpose of Metropolitan Statistical Area Access Services, the following plans apply when referring to Pricing Plans:

- Term Pricing Plans (TPP)

The Telephone Company ensures that rates provided under a term pricing plan will not be increased by the Telephone Company above the rates in effect at the beginning of the customer's term pricing plan period.

Customers under their current term pricing plan will continue to pay the rates in effect at the beginning of their plan period until the effective tariff rates in Section 22.5, following become lower than the rates received under their term pricing plan, except as provided below.

(C)

Certain rates in Section 22.5 reflect rate reductions that are temporary and will remain in effect until June 30, 2010. Customers subscribing to, or that subscribe to, term pricing plans for DS1/DS3 channel termination services and/or mileage services, or Ethernet Services in areas where the Telephone Company has obtained Phase II Pricing Flexibility, will pay the rates for those term plans until their term expires or June 30, 2010, whichever is earlier. After June 30, 2010, such Customers will pay the rates set forth in Section 22.5, for these services, for the remainder of their term. Customers subscribing to a pricing flexibility contract that specifies a fixed rate for DS1/DS3 channel termination and/or mileage services or Ethernet Services are not subject to this provision, and will continue to pay the rates specified in such contract.
