Qwest is filing tariff language in its Tariff F.C.C. No. 1, Section 7 Private Line Transport Service, to offer a promotion for the use of SST over GeoMax. Under the terms of this promotion, new SST and GeoMax systems, including SST nodes, GeoMax nodes and GeoMax ports used to connect GeoMax to SST will be eligible to receive a 20% discount for a new three year term and a 25% discount for a new five year term. SST can also be added to existing GeoMax systems and the new SST nodes will receive a 20% discount for a three year term and a 25% discount for a five year term. This promotion is scheduled to run from May 1, 2007 through July 30, 2007.

Qwest is offering this promotion in an effort to increase demand for SST over GeoMax systems. As a result of this promotion Qwest estimates that an additional two systems will be sold which will result in an additional \$720,000 in revenue for the first twelve months.

As part of this filing Qwest is also adding twenty-one new special construction cases in its Tariff F.C.C. No. 2, Special Construction. Supporting information for this case, discussed under Section 61.38 of the Commission's Rules, is included in the attached Special Construction Description and Justification (D&J).
