On April 20, 2007 the FCC issued an Order, DA 07-1800, approving Qwest Corporation's Advanced Communication Network Services (ACS) Pricing Flexibility Waiver request. Effective with the release of the Order the FCC will allow Qwest to move its ACS services directly into Pricing Flexibility Phase I, in those MSAs where Qwest has already justified pricing flexibility, without first having to put the services into price caps. The Order also allows Qwest to include any new ACS services directly into Phase I pricing flexibility.

Qwest is filing tariff language in its Tariff F.C.C. No. 1, Section 2, General Regulations, to revise existing tariff language to implement this Order.

As part of this filing Qwest is also adding nine new special construction cases in its Tariff F.C.C. No. 2, Special Construction. Supporting information for this case, discussed under Section 61.38 of the Commission's Rules, is included in the attached Special Construction Description and Justification (D&J).
