Application No. 132

Ms. Marlene H. Dortch
Federal Communications Commission
The Portals
445 Twelfth Street S.W.
Washington D.C. 20554

Attention: Common Carrier Bureau

Dear Ms. Dortch:

Cincinnati Bell Telephone (CBT) hereby applies for Special Permission pursuant to Section 61.51 of the Commission's Rules for waiver of Sections 61.58 (Notice Requirements) and 61.59 (Effective Period Required Before Changes) on not less than 1 day's notice in order to withdraw the tariff material which was filed with Transmittal No. 816 prior to its effective date and to restore the prior effective tariff pages.

On May 29, 2007, CBT filed Transmittal No. 816 to become effective on June 13 2007. In Transmittal No. 816, CBT sought to add a new rate element for Signal Transfer Code Access.

CBT respectfully requests permission to waive Sections 61.58 and 61.59 of the Commission's Rules to allow CBT to withdraw, without becoming effective, the tariff revisions in Transmittal No. 816. CBT wishes to withdraw the proposed revisions in order to allow CBT to further evaluate the Signal Transfer Code Access rate element. Attached are illustrative tariff pages.

The original letter, completed FCC Form 159, and a check for \$775.00 to pay the required filing fee were sent to Mellon Bank, Pittsburgh, PA via UPS on June 7, 2007.

Please date stamp and return the enclosed duplicate of this letter to acknowledge its receipt. Questions concerning the Application should be directed to Mike Bishop at the above address, by phone at (513) 397-1231, or by fax at (513) 241-8735.

Respectfully submitted,

/s/ Michael E. Bishop

ACCESS SERVICE

6. Switched Access Service (Cont'd)

6.1 General (Cont'd)

6.1.3 Rate Categories (Cont'd)

(B) Switched Transport (Cont'd)

(7) Chargeable Optional Features

(c) Signaling for Tandem Switching (Cont'd)

The Telephone Company will work cooperatively with the TSP to resolve disputes involving usage discrepancies that may exist between usage provided by the TSP and aggregate usage recorded by the Telephone Company switch.

Terminating Bill Detail Requirements

Resolutions of this nature could result in additional charges to the TSP, in the event extensive investigation and/or validation system development is required to reconcile discrepancies. If usage discrepancies are resolved in favor of the Telephone Company, the TSP will be responsible for payment of unbilled usage.

Signaling for tandem switching will not be available with Feature Group B; Feature Group D with 950 Access; and, 800 traffic.
