

SURVEILLANCE SUMMARY REPORT FOR SURVEILLANCE YEAR \_\_\_\_ (yyyy)

- 1. TCB Name: \_\_\_\_\_
- 2. Date report was generated (mm/dd/yyyy): Date: \_\_\_\_\_
- 3. Surveillance calendar year (yyyy): \_\_\_\_\_
- 4. How many total application filings (TC numbers) were granted in the surveillance year (the FCC defines the number of grants by the number of TCB Form 731 Confirmation numbers authorized)? Each composite approval (multiple applications), and permissive change approval, and change in identifier approval counts as an individual grant (see footnote 4 in KDB 610077). \_\_\_\_\_
- 5. How many applications were required to be EMC tested for the surveillance period (5% of #4 above)? \_\_\_\_\_
- 6. How many applications were tested for EMC (include tests for composites and permissive changes) for the surveillance period? \_\_\_\_\_
  - a. How many EMC test non-compliances were identified? \_\_\_\_\_
    - i. How many EMC non-compliances are still under investigation? \_\_\_\_\_
    - ii. How many EMC non-compliances were resolved? \_\_\_\_\_
  - b. How many Administrative non-compliances (labelling, user info, etc.) have been identified? \_\_\_\_\_
    - i. How many Administrative non-compliances are still under investigation? \_\_\_\_\_
    - ii. How many Administrative non-compliances are resolved? \_\_\_\_\_
- 7. How many total application filings (TC numbers) were granted in the surveillance year that required SAR testing? \_\_\_\_\_
  - a. How many applications were required to be SAR tested for the surveillance year (1% of #7 above)? \_\_\_\_\_
    - i. How many SAR test non-compliances were identified? \_\_\_\_\_
    - ii. How many SAR non-compliances are still under investigation? \_\_\_\_\_
    - iii. How many SAR non-compliances were resolved? \_\_\_\_\_

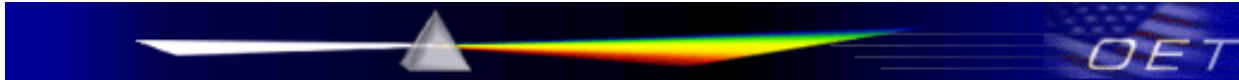

8. For samples tested and found to be compliant complete the table below:

FCC ID	Equipment Class / TC #	Grant date mm/dd/yyyy	Test date(s) mm/dd/yyyy	Tests Performed (e.g. power output, radiated Spurious, SAR, etc.)	KDB # (if applicable)	Summary (if applicable)

Notes:

- 1. Provide separate lines for different Equipment classes/TC numbers tested, if tests were performed for multiple equipment classes, under the same FCC ID.

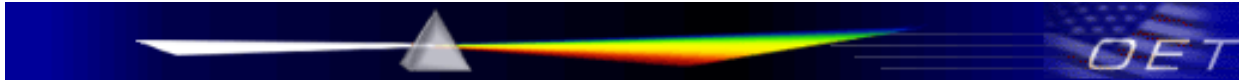

9. For samples tested and found to be non-compliant complete the table below (this table should also include devices found to have administrative non-compliance):

FCC ID	Equipment Class / TC #	Grant date mm/dd/yyyy	Test date(s) mm/dd/yyyy	Tests Performed (e.g. power output, radiated Spurious, SAR, etc.)	KDB #	Summary

Notes:

- Provide separate lines for different Equipment classes/TC numbers tested, if tests were performed for multiple equipment classes, under the same FCC ID.

10. List samples where grantee was non-responsive (these do not count towards market surveillance numbers):

FCC ID	KDB Inquiry Number

11. List application dismissals initiated by market surveillance requests (these do not count towards market surveillance numbers):

FCC ID	KDB Inquiry Number
